March Newps

March 12, 2012

Greetings!

We have about 65 newps that are now listed with pictures and we are working on several more deals which probably won't see fruition until after the Baltimore show. Our newps include two Gobrecht dollars, a 1796 dime, half dime and two quarters, several other lower-grade early halves, dimes and half dimes, a PCGS F-15 1809 dime and an NGC 1828 Large Date dime in EF-40, business strike dimes of 1864 and 1866, uncirculated 1875-CC and 1875-S dimes (both "Above" and "Below"), an 1800 Bust dollar, an 1866 With Rays Nickel in Proof, the rare Type 1 1892 Barber quarter in Proof, and a wonderful 1923-S quarter which should have graded higher than EF.

All of our coins including the following newps are posted on our website www.richuhrichcoins.com. **If you see any coin(s) of interest, please call (717)533-2935 or (717)579-8238 (cell) or e-mail us at richuhrichcoins@comcast.net to reserve the coin(s)** that you want.

We were honored to be interviewed in Coin World's January 23, 2012 issue, page 5, about the discovery of the second known specimen of the 1827 JR-14 dime.

My next show is Baltimore on March 22 - 24, and I will be at table #1504. That show starts a run of seven shows in nine weeks, including the Central States show in April in Schaumburg, IL. If you go to any of these shows, please stop by and say hello!
